

- No on-site phone system
- No Maintenance
- Smartphone Integration
- Online portal to move/add employees

- Easy and inexpensive to upgrade
- Remote worker and teleworker support
- Future-proof system

LIFE CYCLE

An industry leading customer **life cycle of 62 months**. Industry standard is under 36 months.

RELIABILITY

The NUSO platform uses **Geo-Diverse & Geo-Redundant data centers** and connectivity for disaster recovery, business continuity and overall increased reliability. Since its development in 2013, the platform has had verifiable 99.999% up time.

BENEFITS

Save Money: The cost of using a VoIP system is much more economical than a conventional system.

Mobility: Receive calls when you're away from your office.

Advanced Features: Voicemail, Auto Attendant, Hunt groups, Portability, Paging, Free Long Distance, and much more.

RETENTION

An annualized customer **churn below 1.5%** means NUSO will lose less than 1 customer out of every 200 customers under contract. Happy customers generate a reliable revenue stream.
